

CyberEdge®

AIG Cyber Risk Consulting Services

Despite a company's best efforts to protect itself from a cyber attack, it may not be enough in today's rapidly changing cyber environment. With AIG's CyberEdge, our insureds are armed with a wide range of preventive tools, adding valuable layers to a company's line of defense.

Complimentary Tools and Services*

Complimentary tools and services are included with each CyberEdge policy for eligible clients* to provide knowledge, training, security, and consultative solutions.

Employee Cybersecurity eLearning

- Available in 11 languages

Timely and relevant eLearning courses tailored to employees' roles to reinforce your cybersecurity best practices.

Phishing Simulator

- Identify susceptible users & compare performance over time

Part of the eLearning tool, the phishing simulator delivers real-world scenarios to reinforce learning and remediate behaviors.

Blacklist IP Blocking and Domain Protection

- Reduces the attack surface up to 90% ahead of the firewall

Enables organisations to control their exposure to criminal activity by leveraging vast threat intelligence repositories, precision geo-blocking, and blacklist automation to reduce risk.

Infrastructure Vulnerability Scan

- Identification of high-risk infrastructure vulnerabilities

Clients can select up to 250 of their IP addresses for expert examination to identify critical vulnerabilities that are open to potential exploits by cyber criminals, with a follow up scan 90 days later to verify their efforts at remediation.

* The following complimentary services are available to eligible clients purchasing CyberEdge (value in US\$)

Network Security Ratings Security Scorecard

– Network security scoring

Using an easy A-F grading system, clients are scored from an “outside-looking-in” perspective of their overall cybersecurity in ten key risk categories.

Cyber Maturity Report

Upon completion of the AIG application form, businesses will receive a comprehensive report providing details of the cyber risks they face, the likelihood of a cyber attack and how their controls can be improved to help minimise risk. This report is only available in selected countries. Available in select countries[#].

AIG Cyber Services Orientation

– One-on-one session with AIG Cyber Risk Consulting

One hour remote session with an AIG Risk Consultant to address questions regarding the Cyber Maturity Report and discuss complimentary services available.

CyberEdge Claims Hotline

Once a call is made to the 24/7 hotline, the CyberEdge Claims Team will coordinate with the client to implement their response plan, engage any necessary vendors to identify immediate threats and start the restoration and recovery processes.
